

Welcome to the Pro-Life Liberty Movement!

Promoting the self-evident truth that all are endowed by their Creator with the unalienable rights of Life, Liberty, and the pursuit of Happiness.

Given the current authoritarian trajectory of Government, a myopic focus on abortion is not enough! AAPAC focuses on liberty-oriented pro-life education and campaign activism, seeks to change political party culture, and build a candidate base of principled leaders who will shrink Government power and protect innocent life at all stages of development.

AAPAC Focus and Campaigns

- Support the Libertarian Party (LP) Abolish Abortion Plank Caucus and other friendly LP caucuses and persons seeking to eliminate the pro-abortion Plank 1.5 from the LP Platform.
- Encourage GOP liberty activists to draft a pro-life plank endorsing the Life at Conception Act, to push state/local autonomy, and to bring the GOP back to limited government principles.
- Endorse, fund, and otherwise support elected officials and candidates in the GOP and LP committed to limited government and pro-life principles. Preference given to candidates with a solid pro-life liberty track record such as Congressman Tom Massie (below).

Embedding a liberty ethic in the pro-life community and a pro-life ethic within the Liberty Movement

“Abortion on demand is the ultimate State tyranny; the State simply declares that certain classes of human beings are not persons, and therefore not entitled to the protection of the law. The State protects the ‘right’ of some people to kill others, just as the courts protected the ‘property rights’ of slave masters in their slaves. Moreover, by this method the State achieves a goal common to all totalitarian regimes: it sets us against each other, so that our energies are spent in the struggle between State-created classes, rather than in freeing all individuals from the State.”

~RON PAUL

Liberty and Self-Ownership

AAPAC opposes any legislation and candidates that seek to grow the power of Government, whether at the Local, State, or Federal levels. Our founders intended Government to be strictly limited to protect life, liberty, and property.

“As Government expands, liberty contracts.”
- Ronald Reagan

Platform and Critical Issues

- Support all attempts to reverse *Roe v. Wade* at the Federal level to include the *Life at Conception Act* sponsored by Senator Rand Paul (R, KY), who stated, “A Life at Conception Act declares unborn children ‘persons’ as defined by the 14th Amendment to the Constitution, entitled to legal protection. This is the one thing the Supreme Court admitted in *Roe v. Wade* that would cause the case for legal abortion to ‘collapse.’”
- Support State and local Abortion Abolition legislation such as the recently enacted Texas law allowing private suits against providers, and Oklahoma Bill SB 495 which ignores *Roe* and asserts State police powers to prevent the homicide of the unborn.
- Support specific legislation to shut down abortion clinics.

- Provide women with a wide array of free market alternatives to abortion.
- Support over-the-counter contraceptive availability and deregulation of drugs.
